

## You can become part of the Miracle!

All donations are much appreciated and help us keep our players smiling. Donations are used to buy our players official Major League Baseball hats and jerseys. Bats and balls are needed for our players. We host a year-end awards banquet where our players get some great awards and keepsakes. At the top of our wish list is to be able to afford to send two of our players and their families to the annual All-Star game held each year around the U.S. and a few years out we plan to build an inclusive playground next to our field.

The donation button on our website will take you to our donation page. Or you can text HOMERUN to 44321 to get a link to the page. There you can choose the dollar amount you would like. You can also send checks to:

The Marion Metro Kiwanis hosts the BBQ Rendezvous on the first Saturday in June. This event has been dedicated to building the field since 2014. Their \$300,000 pledge is what allowed the field to be built. Our BBQ sponsors get banner space on the field as well as logos on the big screen at our BBQ event. There are 18 large banners slots on the outfield fence. There is also space for smaller banners on the outside of the fence along the walkway to the other eight regulation fields in the complex. The proceeds from this event covers any additional operational funds for the league with the balance going to the pledge.
